# MASSEY CASE RE-SET HERE FOR OCTOBER 6

## CONTINUANCE IS ASKED BY DEFENSE ATTORNEYS

Defense attorneys filed a motion for continuance in District Court at 9:30 Monday in the Dr. Ola Dee Massey case.

On the motion to continue Judge John Watson granted the plea on the grounds of the absence of a material defense witness. The witness is Mrs. Mattie Wheeler of Abilene, sister of Mrs. R. H. Johnson.

It is an invariable rule that continuances are granted on first application. The overworked "sick witness" is a thread bare excuse but sometimes represents the facts. Mrs. Wheeler's physician sent a letter along to substantiate the claims of the lawyers representing Dr. Massey.

County Attorney Bill Morrison announced ready for trial.

After the court had granted the continuance Mr. Morrison pressed for a setting and the case will come up again on October 5.

A special venire of 100 men were on hand for jury selection but will have to re-appear on October 5th unless a new venire is had.

Dr. Massey entered the court room with her attorneys E. A. Camp and H. S. Beard of Waco shortly before Judge John Watson opened the session.

Dr. Massey faces 3 indictments by the grand jury in District court, one for kidnapping, one for burglary and one for felony theft.

The case originated here on July 8 past when Mrs. R. H. Johnson, aunt of the defendant was spirited away from St. Edwards Hospital and taken to the Provident Hospital in Waco. Mrs. Johnson, a patient of Dr. John Lane Baskin, had been induced to go to the hospital here for treatment where the doctor said she could be better cared for.

According to officers here when Dr. Massey learned that Mrs. Johnson was in the hospital here she came to Cameron and asked Mrs. Johnson to go to Waco. Mrs. Johnson refused but said she would re-

# BOY IS HURT IN CRASH

## MAY LOSE ARM RESULT OF CRASH WITH AUTO

Johnnie Balcar, 14, victim of an unusual accident here Saturday morning is in St. Edward's Hospital, critically injured and while reports early Tuesday indicated he was doing alright, developments might necessitate additional surgery.

Johnnie was riding down West Main Street on his mtor scooter and was making a right turn to go on North Travis when he crashed into the car driven by City Marshal Jim McGoldrick.

The peculiar accident was unavoidable. Marshall McGoldrick took the boy to St. Edward's Hospital where he was placed in surgery. When his scooter crashed the car his arm was impaled on the radiator of the machine and badly lascerated, pieces of the radiator having been taken from his arm.

Whether his arm would have to be amputated remained to be determined but under excellent care he was making some progress. He is the son of Mrs. Mary Balcar and in the eighth grade in school. He was employed at the Corner Cafe at the time of the accident.

# SOIL DEFICIENCY IS RETARDING CROPS

## PLANTING OF LEGUMES URGED FOR MILAM CO

The season is here again for the planting of winter legumes, states J. W. Stufflebeme, Jr., County Agent and farmers are urged to get as many acres planted to soil building crops as possible.

Out of 170,000 acres of cropland in the county, there was an estimated 25,000 acres planted to some kind of winter legume during the 1946-47 season. As legumes should be in the crop rotation at least once every three years the acreage planted to these soil building crops is not nearly enough.

Legume seed that has been inoculated has produced the best crop of green manure. Stufflebeme says proper seed inoculation is a necessary phase of legume growing, if the producer wants to get the most benefit from his winter cover crop. Fertilization is just as necessary. On the best types of soil in Milam County, at least 200 pounds of 20 percent superphosphate is recommended, while on light, sandy soils and old fields, an application of 300 to 400 pounds of 0-14-7 commercial fertilizer would be more beneficial.

To give farmers an idea of what they can expect in the way of increased yields through planting of winter legumes, Stufflebeme quotes some results the Texas A&M College Experiment Stations. Fertilized and inoculant hairy vetch increased the yield of cotton more than 100 pounds per acre on sandy land at the station at Nacogdoches and Tyler. At the Temple station cotton following hubam clover which was harvested for seed and then turned under, made a five year average of 315 pounds of lint as compared with 165 pounds on land where cotton was grown continuously without clovers. Losses from cotton root rot were greatly reduced by the clover. The yields from other crops following winter legumes have been materially increased.

Several different legumes are adapted to Milam County growing conditions. These include vetch, hubam clover, Austrian winter peas, and Melilotus Indica. Farmers are urged to obtain their legume seed, fertilizer and inoculant for legume planting when soil moisture permits.

# YOEMEN TO BRENHAM

There will be no football game at Yoemen stadium Friday because the Yoemen are keeping an important engagement at Brenham.

Early Monday the Yoemen were on the trail again and with no injuries reported they should be in grand shape for the game. It was possible that T. J. O'Neill might not play his half back spot this week for in Cameron October 5 the Yoemen play their first conference game against Georgetown.

**The Yoemen are looking for a chance to wipe out the circumstances** under which they had to take a tie decision with Georgetown last year.

Little was known here Monday about the relative strength of the Brenham and Cameron teams. That it will be a hard game everyone concedes but the dope says the Yoemen will win.

**Brenham has lost two games the first to a gulfport opponent and the second to Bolton on last Friday night. Information is that the backfield is intact from last year but the Brenham team may not have as good line play as under the 1946 team.**

## BURBANK HAS PRAISE FOR CAMERON SCHOOL

A warm expression of appreciation for Cameron school leaders and courtesies extended here on Friday night, September 12 has been received from Terrell F. Bates, Principal of the Burbank Vocational High School in San Antonio.

The incident referred to was the playing of an ineligible man and forfeiture the game to Burbank.

Here is Mr. Bates' letter to W. T. Hanes, Superintendent of the Cameron School system:

September 17, 1947

Mr. W. T. Hanes, Superintendent
Cameron Public Schools
Cameron, Texas
Dear Mr. Hanes:

"It is seldom that we have the opportunity of enjoying the courtesy, the hospitality and the good sportsmanship that we found awaiting us in Cameron. Every person who made the trip with us has expressed appreciation of the whole experience and we, who are leaders in Luther Burbank Vocational High School, realize to what extent the administrators and faculty of the Cameron School are responsible for the attitude exhibited.

"As far as we are concerned, the score of the game is not too important, since it was not one of our 36-A conference games. Our boys gained some very important experience and both teams played a nice, clean game. Any publicity that may be given to this matter will be given by you and not by me nor our school. There is no reason what-soever for you to question our appreciation of you nor of your school and I assure you that this incident will have nothing to do with the fine relationship that has developed between your community and our community.

"Again may I thank you and the people of Cameron, in behalf of myself, the student body and the citizens of our community, for a most enjoyable trip to your city.

Sincerely yours,
Terrell F. Bates,
Principal.

## SHIRLEY MCLEAN HOME TO BE A CANDIDATE

Shirley McLean has recently returned to his home in Cameron and expects to be a candidate for County Clerk in the coming election in July of 1948.

Mr. McLean spent 47 months in the armed forces, 31 months of the time in the Southwest Pacific Area where he served with the 163rd Infantry of the 41st Division during the New Guinea campaign. He was wounded on the 16th day of January 1943 during the fighting around Buna in New Guinea.

After spending 8 months in the hospital in Australia he was assigned to a Replacement Depot at Brisbane, Australia where he handled the service records of all the personnel passing through the station. After he returned to the United States in September 1944 he was stationed at Atlantic City, New Jersey and was in charge of the payroll section at the army base there and handled all the pay records of all the enlisted personnel.

Shirley was awarded the Purple Heart, the Asiatic-Pacific Medal with two campaign stars, the Combat Infantry Badge, the Distinguished Unit Badge, the Good Conduct Medal and the American Defense Medal. He was given an honorable discharge on September 1, 1945.

## Record Of Production Vital On Cotton Insurance Losses

Producers who have cotton insurance should keep their records of production and in case of a loss, must be reported to the county office within 10 days after completion of harvest. It is also the responsibility of the producer to report any damage to the crop which might result in a loss within 60 days after the damage. This report must be made to the county office and put on file. Telling someone about the loss will not be considered a report. The applicable form must be executed.

# 48 DEGREES IN CAMERON

## TEMPERATURE HERE MAY HAVE BEEN STATE LOW

Cameron had 48 degree temperature here Wednesday morning, it was reported by L. W. Smith, local observer for the United States Weather Bureau.

Cameron may have had the state's lowest temperature since in north Texas the lowest reported was well above 50.

In December 1929 Cameron registered the lowest temperature in the nation when 10 below was recorded. That was the result of a freak weather condition and may never happen again.

The 48 degree temperature here was the low for the night and at 7:30 a. m. it was 58 degrees. The high Tuesday was 79 degrees.

Forecasts early Wednesday were for rising temperatures. By the week end the weather may be much warmer.

## Wick Fowler, Widely Known Writer, Visits In Cameron Tuesday

Wick Fowler, widely known newspaper correspondent and now engaged by the Dallas News, was in Cameron Tuesday looking for material for a feature story.

Mr. Fowler is a contributor to Cosmopolitan Magazine also. He was a war correspondent, being sent to the European Theatre by The Dallas News.

While in the city, Mr. Fowler, spent more than an hour with the publisher of The Herald. He was interested in the type of journalism for which the Daily Midget is celebrated. This little newspaper has attracted wide attention. Its frankness is appealing and Mr. Fowler made a survey of its columns as well as interviewing the published on his experiences.

In a recent address to the Texas Press Association Mr. Fowler lamented that too few newspaper publishers are now "horsewhipped," indicating the majority are on the too conservative side.

## R. J. H. LAFFERE DIED AT SHARPE TUESDAY

R. J. H. Laffere, 61, of Sharpe community died suddenly of a heart attack at his home Tuesday at about 6:15 a. m.

Mr. Laffere had been a resident of Sharpe community for nearly 40 years Survivors are his wife, two daughters, Mrs. Arnold Marek and Mrs. Robert Stecher, both of Temple; one granddaughter, Latricia Ann Marek of Temple; his father, A. J. D. Laffere of Rosebud; two sisters, Mrs. Elmer Parcus of Rosebud and Mrs. Emil Fick of Sharp.

Funeral services will be held at 2:30 p. m. Wednesday at Phillip and Luckey funeral home in Rockdale with Rev. Sager officiating. Burial will be in Sharp cemetery.

## Peanut Planters Must Report Acreage By Wednesday, Oct. 1

Farmers who have grown peanuts during the past four years have until October 1, to report their acreage planted in those years. It is very important that this acreage be reported since allotments will be determined according to the acreage planted. If no acreage is reported and you apply for an acreage after that date, it is possible that 1.1 (one and one-tenth acres) is all that can be expected.

**Mrs. Emma Moore left Friday on the 1:58 train from Van Cower, Washington. She plans to spend several months there visiting her son Sgt. Jack Moore and wife.**

## COUNTY MAY PRODUCE CROP OF 27000 BALES

Eight thousand bales of the new crop cotton had been received at the warves of the Cameron Compress Company up to Wednesday morning it was disclosed by P. W. Davis, manager of the company press here.

Cotton production was passing all expectations and F. C. Fahrendorf, veteran buyer, estimated that the county would get around 27,000 bales. Mr. Fahrendorf also said that he estimated that the crop is about 65 per cent harvested.

An encouraging phase of the picture here is that practically all the cotton received at the compress has been ginned in Cameron and at nearby gins. Cotton is now grossing around $185.00 per bale including the seed. It has been grossing around $200 per bale. Cotton marketed in Cameron alone has brought farmers a million six hundred thousand dollars. The crop in the county will bring around 5 million dollars.

One of the major benefits of the cotton crop is the picker earnings. Pickers are being paid as much as $3.50 per hundred in some places. The cotton crop has no equal in the production of benefits for it is the most widely touched commodity in the world.

## NEW CASE EQUIPMENT STORE IS OPEN HERE

The new Case Farm Equipment Store of the Maysfield Mercantile Company out on Highway 77 near the Cameron Municipal Airport is now open for business.

In the future all Case machinery and repairs will be carried there.

The company has secured the services of August Halberdier as shop foreman, Lavert McKinney as floor salesman and parts man, and James (Buck) Wilkerson as operator of the filling station. The latter two are veterans of World War 2.

The Maysfield Mercantile Company will announce their formal opening later but in the meantime they will be glad to serve you in any way possible.

## PROJECTOR AND SOUND EQUIPMENT IS GONE

Officers here Wednesday said that they were checking on a suspect in the robbery of the Gause school, one of a number of central Texas schools to be burglarized in the past few days.

A motion picture projector and sound equipment is missing from the Gause school. The theft was discovered when the school opened last week.

The wave of college and school burglaries in Texas grew today with the report that four schools in three Central Texas counties had been looted of $920 in cash, checks and equipment.

A burglar who entered the Riesel school in McLennan county smashed a steel filing cabinet and took $10 in change. He overlooked $51 in a cabinet.

Chief Criminal Deputy Elmer Lee Todd of Waco said $260 in cash was taken from the Lorena school, also in McLennan county, by an intruder who entered through a window.

The Benhur school in Limestone county reported that a burglar entered through a window, pried open a door and escaped with $190 in cash and checks.

Several Texas schools and colleges have reported burglaries since school opening, the largest being at McMurry college at Abilene, where between $35,000 and $40,000 in checks, cash, and war bonds were stolen. This includes $18,800 in checks, of which about $11,000 was recovered and payment stopped on others.

War bonds valued at $14,000 to $15,000 belonging to Athletic Director Vernon Hilliard also were taken, but he said he had a list of their serial numbers. The college's business office safe was robbed.

## WIDELY KNOWN CITIZEN IS BURIED AT MARLOW

Marshall Mode, 64, died at 3:10 a. m. Tuesday, September 23 at his home in Cameron.

Mr. Mode had been suffering from a heart ailment for several years and during the past few months was confined to his home and rarely able to be up.

Mr. Mode had been a resident of Cameron for more than 31 years. He was a barber and widely known here and elsewhere, having operated his own business for three decades and more.

Funeral services for Mr. Mode, long time resident here, were held at the Marlow Baptist Church, Tuesday, September 23, at 4 p. m. with Rev. P. L. Caperton, Baptist minister, officiating. Interment was made in the Marlow cemetery in the com-

# GUARD UNIT GROWING

## TWO ENLISTED MEN ARE SIGNED FOR GUARD UNIT

Battery C, 239th Field Artillery Battalion, got off to a good start towards filling its quota in the National Guard's "Operation 88,888" recruiting campaign on last Tuesday evening when Captain Rudolph Michalka, Commanding Officer, swore in two new enlisted men during the weekly drill period at the battery's armory in the old grammar school building.

The two new Guardsmen are Clarence Hanel and Raymond Kurtz, a veteran and non-veteran, respectively.

**Several other enlistments are expected to be made in the battery in** the next few days.

Capt. Michalka said that the unit was continuing to receive some equipment, although a large part already has arrived. The shipment last week included a field range, tents, shovels, axes, gas cans and other equipment for use in the field.

Capt Michalka also called attention to a forthcoming change of time in the Paul Whiteman coast-to-coast radio program, "National Guard Assembly". Beginning on September 29 it will be broadcast weekly on Monday evening at 7 p. m. instead of on Wednesday at 7:30 as at present. The program, with the superlative Paul Whiteman music and new discoveries of radio talent, is rated as one of the top air shows. Most of the ABC network stations carry the program.

# SPECIAL VENIRE CALLED FOR JURY SELECTION

Dr. Ola Dee Massey, woman dentist of Waco, will go on trial here Monday in District Court for kidnapping, burglary or felony theft, in connection with the July 8th abduction of Mrs. R. H. Johnson from the St. Edwards Hospital here and the subsequent burglary of her home.

A special venire has been summoned for the selection of a jury. The court will convene at 9 a. m. Attorneys for Dr. Massey are H. S. Beard of Waco and Camp & Camp of Cameron.

If defense attorneys ask for a continuance of the case it would probably be granted if sufficient reasons are given.

Dr. Massey took Mrs. Johnson to a Waco hospital, according to officers here and would not permit her to communicate with relatives. Nurses at the hospital are said to have permited Mrs. Johnson to use the telephone and she was released.

After Mrs. Johnson was abducted, Dr. Massey came to Cameron and entered the Johnson home, taking number of valuables, one item being jewelry and silverware. These articles were recovered in the Massey home on Lake Waco.

A $2500 diamond brooch was stolen from Mrs. Johnson's purse in Waco. The purse was discovered to be missing from the Johnson room at the hospital during the evening of July 8. It was later returned by Dr. Massey but the brooch was missing. It has not been recovered.

Dr. Massey also came to Cameron, consulted a local lawyer and went to a bank seeking to open a safety deposit box belonging to Mrs. Johnson. She was refused admittance to the box.

Mrs. Johnson was told when she left St. Edwards Hospital that she was to be taken to her home in Cameron. Instead she was spirited away to Waco despite having resisted Dr. Massey and another woman until she was exhausted. The car stopped at Rosebud but Mrs. Johnson could find no way to escape.

Charge of kidnapping, felony theft and burglary were filed against Dr. Massey who is a niece of Mrs. Johnson. The grand jury promptly returned 3 indictments against her and the case was set down for trial on September 22.

## Milano News

Miss Stewart, a Milano teacher took suddenly ill Monday and was carried to a hospital in Jacksonville.

Mr. and Mrs. Willard Peirce are the happy parents of a fine baby boy who came to make his home with them on Sept. 10.

The GI school building that is under construction here is now rapidly going up and will soon be ready for use. The school is now being held in the American Legion building.

Mrs. S. W. Taylor honored Mrs. Ida Howes on her 80th birthday at her home Sept. 12. There was a large crowd of friends and neighbors present. A series of games were played, after which Mrs. Howes was presented with a large basket of gifts. The home was decorated with fresh roses and other seasonal flowers. Mrs. Taylor was assisted by her daughter, Miss Mary Lee in serving refreshments of punch and birthday cake. After the party Mrs. Howes thanked everyone for the nice gifts. Mrs. Howes is one of Milano's oldest citizens. She has spent most of her life in and around Milano.

Mrs. Clarence Sims, a recent bride was honored with a wedding shower at the home of Mrs. L. V. Beavers, Friday, Sept.19. The evening was spent in playing games and conversation after which they were served cake and punch. On opening her many gifts the bride thanked each and every one in her sweet manner.

# AMAZING NEW PLANE IS SAFE AFTER 2400 MILES

WASHINGTON, Sept.— A robot plane with an amazing mechanical brain completed a 2,400 mile trans-Atlantic flight today, opening vast possibilities for push-button aeronautics in war and peace.

Crewmen sitting in the plane on a Newfoundland field "tuned in" a British airport yesterday—much like picking a station on a push-button radio—and climbed out of the plane on the English field today without doing anything else to get there.

It was the first fully automatic trans-Atlantic flight and the U. S. air force which carried out the project, declared:

"Not even so much as a little finger was placed by any human being on the mechanism from the time the plane took to the air until after it had landed."

The actual takeoff and landing were directed, the air force said, by beam control, but that was from outside the plane.

An air force official pointed out that the demonstration was a long step toward the day when loaded bombers might be sent over targets without humans aboard, or cargo planes might be sent automatically to destinations.

Other air experts said, however, that operation of the automatically piloted craft required a radio beam from takeoff point to destination and added that an enemy would be unlikely to cooperate by lining up beams on his best targets.

## Flight Service Here Begins Series Of Ads In The Daily Herald

The Caldwell Flight Service currently in charge of the Municipal Airport in Cameron is beginning a new series of ads in the Daily Herald.

These ads are written in cartoon style and are highly interesting. The science of preparing newspaper ad copy is reaching into new fields.

The Caldwell Flight Company is doing big things at the air field and training programs are instituted for all who want to fly under the best kind of conditions.

## Massey Case Is Set For Monday, Oct. 6

The case of Dr. Ola Massey of Waco, charged with kidnapping burglary and felony theft, has been set for trial on Monday, October 6.

In the publication on Monday an error occured when the date October 5 was printed. The case was continued here Monday on motion of defense counsel because of the "illness" of a material witness.

## SIZZLING LINE PLAY IS ROCKETING YOEMEN

The Yoemen were well on their way to an undefeated season here Saturday with the Caldwell Hornets out of the way. It was 20 to 0 in favor of Cameron.

Led by the best line play that Cameron has seen in years the Yoemen made a run-away of the game. John David Moseley came out in brilliant fashion as he stepped in for T. J. O'Neill, scoring one touchdown and running the Hornets ragged all evening.

Lawrence Michalka at quarter and the man under the T was the big standout of the game for he was everywhere and in everything. Howard Beale is now an accomplished fact. He demonstrated he has the stuff from which great backs are made.

Caldwell was disappointing. The Hornets not only failed to score, their pass game was no good. They threatened only twice and Michalka to Hawkins combination was better by far than the Freida to Kovar combination.

The score tells little of how badly the Hornets were outplayed. Cameron made 14 first downs, Caldwell 6. Cameron made 231 yards on ground Caldwell 58. Cameron made 85 yards passing, Caldwell made 70. Cameron made a total of 316 yards, Caldwell made 128. Cameron threw 8 passes, completed 4, Caldwell threw 6, completed 2. Cameron was penalized 25, Caldwell 15.

**First Quarter**

Co-Captains Jimmy O'Neill and Joe Hawkins met Captain Kovar in the center of the field for the toss. Caldwell won and picked the north goal and Cameron would receive. A strong wind was at their backs as the Hornets lined up for the kick. Homeyer kicked to Michalka who handed off to Moseley who returned 15 yards. It was to be a scoreless quarter. The ball was on the Cameron 30. Beale got 9 yards and Moseley substituting for T. J. O'Neill made it a first down. Beale got 4 yards and Michalka was thrown for 3 yard loss. The Hornet line sparked by Hronek and Stefka at tackles was playing a good game. Michalka on a fake hand off lost 3 and a long pass to Joe Hawkins failed. It was fourth down and Michalka kicked to Freida but there was no return. Prochazka, fleet Hornet back who was to do his share of the work got 4 yards. George Hollas was to spark the Cameron line in some of the best defensive and offensive plays of the year, was hurt. Eugene Salach, big hustling and hard hitting tackle came in. Brinkman picked up 5 and Homeyer carried for a first down on a sweep of the Cameron left end. Prochazka got 5 and then 4 more. With only a yard to go Freida, passing ace who failed to pass, punted over the Cameron goal. The ball was on the 20. Howard Beale, sensation of the Burbank game, picked up 8 yards and Jimmy Hauk made it a first down. Beale made 4 and Michalka 1 and then Moseley got 11 yards through the Hornet line and it was a first down. Beale on 2 tries did not make first down and Michalka kicked poorly and the ball was on the Hornet 27. Salach threw a hard tackle on Prochazka and the quarter ended.

**Second Quarter**

Brinkman in 2 tries failed to gain and Freida kicked out on the Hornet 42. Joe Hawkins who was to beat Kovar at pass snatching, took one from Michalka for a first down. Moseley alternating made it a first again on the Hornet 16. Billy Hauk made 3 and Michalka in one of those "tuck the ball away" plays raced 12 yards for a touchdown at the east goal. Charles Riola kicked the extra point. The ball sailed away so far they had difficulty finding it. Score Cameron 7, Caldwell O. Bobby Wilkerson came in to relieve Hawkins as Riola kicked off to Prochazka who returned it 30 yards and was almost away. Freida tossed his first pass of the game but was so badly rushed by the entire Cameron line he threw to Broaddus, center, who was ineligible and so drew 15 yard penalty. The Cameron line was really going. Freida was thrown for 15 yards in another pass try. He had to punt and got the ball away for 50 yards but Moseley ran it back 10. Cameron drew 5 for offsides. Three new backs are in, Billy Hanes, Richard Burke and Muggo Garcia. Hauk took a short pass from Hanes. Howard Beale raced 22 yards around the Hornet left end, dropped the ball and recovered it. Richard Burke got 9 in his first carry and Garcia made it a first down. Burke got 3 and Beale 2. The Yoemen were nearing the Hornet goal but Hanes lost 8 yards and Moseley failed on the fourth down and the ball went over. Prochazka made 5 and Homeyer made a first down. Prochazka lost 2 as Jimmy O'Neill the Cameron center came in for the tackle. Freida failed with a pass and then George Hollas was at it again. He threw Prochazka for a loss. Charles Duncan the Cameron right guard blocked Freida's punt. Hawkins took a pass for a gain of 30 yards and then little John Moseley raced over for a touchdown. Riola failed the extra point. Homeler returned Riola's kick to the Cameron 48. Brinkman made 4. Freida then passed to Kovar who dropped the ball as the half ended.

**Third Quarter**

Freida kicked to Michalka who handed off to Hauk for a nice run back. Beale assaying a pass role was almost trapped but finally got the ball away to Bob Holloway but it was no good but the big fullback picked up a first down on the next try. Hauk got 3, Michalka 5 and Cameron called time out. Homeyer threw Michalka for no gain. A long pass to Hawkins failed. Hauk got 2 and then Michalka kicked over the Hornet goal. Prochazka in two tries failed and was hurt but stayed in the game. Freida kicked to Moseley who ran it back 15 yards. Beale picked up 5 and Moseley made it a first down. Beale fumbled but went on to gain another first down. A pass to Hawkins failed. Beale got 10 and a first down. Beale failed to gain but Richard Burke got 10 yards around the Caldwell right end for another first down. It was a poor quarter but the Yoemen were on the march. Michalka picked up 3 as the quarter ended.

**Fourth Quarter**

The ball was on the Caldwell 5 yard line. Stefka threw Moseley for no gain but Joe Hawkins came through taking a pass from Michalka for the third touchdown. Riola kicked the extra point. On the kickoff Prochazka made a 20 yard run back. Dick Stedman came into the backfield to relieve Michalka. Freida passed to Kovar for 30 yards. Richard Burke trailing Kovar was hurt but stayed in. Michalka came back in. Freida's pass was broken up by Michalka. Homeyer went around the Cameron left end for 5 yards. Freida was not doing well at all. He failed with another pass. The ball was still on the 31. Jimmy O'Neill broke through and smeared Freida for a loss. Coach Jackson sent in a number of substitutes as the ball went over on downs. Howard Beale raced away for 20 yards and fumbled but pounced on the ball. John Matula, half back, in the game for the first time picked up 10 yards and a first down. Beale lost 4 then got 2 and Garcia lost 4. Beale failed again and the ball went over on the Hornet 15. Prochazka was almost away but Riola brought him down after a 9 yard gain. Tempers were hot. Cameron was penalized 15 for roughing. The whole Cameron line surged forward to stop the next two plays but Freida found Prochazka with a pass that was good for 20. The Hornets were threatening for the second time. Freida was badly rushed and thrown for a big loss. It was Jimmy O'Neill again. Moseley intercepted a pass intended for Broaddus and ran it back to the 45. Michalka picked up 9 and Joe Hawkins was in the picture again taking a pass for 20 yards as the game ended. Final score Cameron 20, Caldwell 0.

## FORMER NEW YORK MAYOR SUCCUMBS

F. H. LaGuardia, colorful political figure and former Mayor of New York, died at his home in the Bronx shortly after 5 a. m. Eastern standard time Saturday.

He was a victim of cancer. LaGuardia collapsed at his home six days ago and never regained consciousness.

The late Theodore Roosevelt once said that being Mayor of New York City was a bigger job than being president of the United States. LaGuardia held the job down for 4 terms. He was a Republican but liberal enough to get the support of all factions.

LaGuardia before coming to the office of Mayor of New York was a member of Congress. He was named United Nations Relief Association head by the late Franklin Roosevelt. LaGuardia was an ardent supporter of the late President.

LaGuardia was a native of Italy and of Jewish and Italian parentage. He came to America when a small boy and grew up on the sidewalks of New York, later to become its Mayor and most colorful figure since Jimmy Walker.

Clarence Baskin has returned after several days visit in Houston with his son and wife, Mr. and Mrs. Roma Baskin.

## Ann Sheridan Tops Screen Bill Here In "The Unfaithful"

Ann Sheridan will be seen as co-star for the first time with Zachary Scott and Lew Ayres, when Warner Bros.' new romantic drama "The Unfaithful," opens at the Cameron Theatre on Thursday.

Written for the screen by David Goodis and James Gunn, the new film dramatizes the romantic and economic problems faced by a returning veteran. Miss Sheridan is cast as an unfaithful wife whose extreme loneliness during her serviceman-husband's long absence leads to a series of emotional climaxes.

Scott has the role of the GI who returns to discover that his home is in danger of breaking up, and Lew Ayres plays the sympathetic family friend who tries to keep husband and wife together.

Other important roles in "The Unfaithful" are portrayed by Eve Arden, Jerome Cowan, Steven Geray and John Hoyt.

The timely screen drama was directed by Vincent Sherman and produced for Warner Bros. by Jerry Wald. Original background music was composed by Max Steiner.

Suspense is woven throughout the story with a myterious death and a tense court-room trial figuring prominently in the film play.

Mr. and Mrs. Edwin Lehman, who have been visiting in New Orleans spent Friday night with Mr. and Mrs. Joe Ulicnik of Cameron.

# PER CAPITA DEBT IN UNITED STATES $2050

WASHINGTON, Sept. 21 — The Commerce department figured today that the total of net public and private debt in the United States at the start of this year averaged out at $2,050 for each man, woman and child.

The department said the total owed was $393,500,000,000, some $15,000,000,000 below the start of 1946.

It said the federal government owed $229,700,000,000 of the total, not counting some additional billions it owes to federal agencies and corporations—state and local governments $13,600,000,000, and corporations and individuals $150,000,000,000.

It explained that private debt increased by $8,000,000,000 during 1946 but this was more than offset by a $23,000,000,000 reduction in the federal government debt so the combined total debt went down for the first time since 1931.

The department said private debt is expected to continue growing through this year, with rising construction activity, increased production of such consumers durable goods as autos, "accelerated turnover" in real estate and the end of controls over consumer credit November 1.

# COMPRESS RECEIPTS IN CAMERON ARE MOUNTING

Cameron has received about $1,234,400.00 worth of cotton from the 1947 crop.

Up to noon Thursday the Cameron Compress had received 6172 bales. It was disclosed that this cotton is locally produced, ginned in Cameron and nearby towns within the county.

This production does not represent all the cotton harvested thus far in the county for some of it goes to Taylor and to Rosebud. The county may have already ginned some 10 thousand bales.

Cotton was bringing around $200 per bale gross and this would bring the Cameron share of the crop well over a million dollars.

Gins were busy. There is a shortage of pickers and some of the crop may be lost if rains come. Marketing of the crop was having a good effect on business.

There was no figures at hand to indicate the largest number of bales ever compressed here. In 1920 the county produced 80 thousand bales, an all time high.

munity where Mr. Mode lived for a number of years.

Mr. Mode was born near Nashville, Tennessee in 1883 the son of the late Mr. and Mrs. Will Mode, pioneers When a small boy he came to Cameron with his parents, the family settled near Buckholts. Later the family moved to Marlow where Mr. Mode as a young man united with the Presbyterian church. He was married to Miss Lennie Foust in 1904. Shortly after that time he entered the barber business and established his shop on Main street in Cameron later on West First Street and operated the business for 31 years.

Some three years ago Mr. Mode's health became bad and he retired, selling his shop. He suffered a heart stroke shortly before retiring. Since that time he has spent considerable time under treatment of doctors and in hospitals.

Surviving are his widow, Mrs. Lennie Mode, three brothers John W. Mode, George T. Mode and E. T. Mode, all of Cameron.

Surviving also are a number of nieces and nephews.

Funeral services were held from the Green Funeral Home in Cameron where the boy was placed early Tuesday and remained until the funeral hour Tuesday afternoon. Many old friends and neighbors from Cameron and Marlow gathered at the historic church to pay their respects to Mr. Mode's memory for he was a good citizen and will be greatly missed here.

icans who had marched with General Zachary Taylor to the Rio Grande in 1846—only to be victimized by the propaganda of General Pedro de Ampudie, then commander of the Mexican troops in Matamoros.

One and two at a time they deserted from the hardships of hunger, thirst and enforced discipline. At least 260 slipped across the Rio Grande. There they were organized as an artillery unit and ably demonstrated their fighting ability against their former comrades at Buena Vista and Churubusco before being captured.

Miliary punishment was harsh in the 1840's and two general courts-martial decided the fate of the captives. Four were pardoned, 50 were ordered hanged, and 11 were sentenced to 50 lashes and branding by a red-hot iron with the letter "D" on their cheeks.

According to Mr. Mahoney, the only known tribute to the San Patricio Battalion was a curious cross standing for years in a little Mexican churchyard—inscribed with a gamecock, a pair of dice, and a skull and crossbones. It was erected by a sentimental visitor who later pondered how the deserters had gambled with fate, fought bravely, and died.

Mr. and Mrs. H. C. Tindall had as their guests Sunday Mr. and Mrs. Odous Tindall and Mr. and Mrs. Cecil Tindall and children of San Antonio, Mr. and Mrs. Lewis Posey and son of Waco.

Mr. and Mrs. H. L. Dakel visited in the home of their daughter, Mrs. Bob Busker of Lot Sunday. They also attended the baseball game at Seaton.

## Bowery Boys Due In "News Hounds"

Leo Gorcey and the Bowery Boys attempt to break up a sports "fix" and are threatened with dire consequences by a powerful syndicate in Monogram's "News Hounds" which comes to the Milam Theatre next Sunday. The latest Bowery Boys comedy has a newspaper background and the story promises many unusual laugh situations above the roar of the presses.

Gorcey is seen as an ambitious cub reporter with aspirations to be a great reporter. He has an idea for a scoop when he learns of a possible boxing match "fix" from Gabriel Dell, who is working for a big-time gambler. Leo and the Bowery Boys, Huntz Hall, Bobby Jordan, Billy Benedict and David Gorcey, invade the lair of the racketeers to get the lowdown on the "fix". A fight develops when amateur photographer Hall snaps a picture of the racketeers, including some of the big shots. The important photo is lost, and reporter Gorcey is fired when he has no proof to substantiate his sports "fix" story. However, the story is accidently published in the newspaper, and results in a four million-dollar libel suit. At the trial the Bowery Boys succeed in turning the tables on the mobsters.

Others in the cast of "News Hounds" are Christine McIntyre, Tim Ryan, Anthony Caruso. Bill Kennedy, Ralph Dunn, Nita Bieber, John Hamilton, Terry Goodman, Robert Emmett Keane and David Gorcey. William Beaudine directed the Jan Grippo production. Edward J. Kay was musical director, and the original story by Edmond Seward, Tim Ryan and George Cappy was adapted for the screen by Seward and Ryan.

The many friends of Miss Mildred Cryer will be glad to know that she is improving from a long illness. She is still a patient in Newton Memorial Hospital.

**MASSEY CASE—**
(continued from page one)

turn to her home in Cameron.

Dr. Massey is alleged to have promised Mrs. Johnson she would take her to her home here, instead she turned north on Highway 77 and sped away to Waco, stopping one time in Rosebud.

Mrs. Johnson in a statement to the County Attorney, Bill Morrison, said she resisted but was overcome and never found opportunity to escape from the car. At Waco she was placed in Provident Hospital and held a virtual prisoner, not being allowed to communicate with her relatives at here. After several days nurses at the hospital, according to information, realized that Mrs. Johnson was being held against her will and allowed her use of the telephone despite doctor's orders that she not be allowed to telephone anyone or to have company.

Meanwhile Dr. Massey was busy coming to Cameron, having come here twice after she had taken Mrs. Johnson to the hospital. She contacted Roy Baskin, Mrs. Johnson's attorney and also sought to gain entrance to a lock box in the Citizens National Bank but was refused. She is alleged to have sought to become guardian for Mrs. Johnson but that did not succeed.

Dr. Massey came to Cameron on the day following Mrs. Johnson's kidnapping and entered the Johnson home. Some days later the officers here with search warrants recovered considerable jewelry and other items such as silverware, taken by Dr. Massey from the home here. The loot was recovered from the Dr. Massey home on Lake Waco.

According to officers here Mrs. Johnson has not recovered a diamond brooch said to be valued at $2500 stolen from her purse after she had reached the hospital in Waco. The purse was missing several hours from Mrs. Johnson's room and was returned by Dr. Massey that evening but the brooch was missing.

Sheriff Carl Black and County Attorney Morrison made unsuccessful efforts, in connection with Waco police, to get the brooch. They stated that Dr. Massey admitted having the brooch but defied them to get it.

Dr. Massey was partially reared in Cameron in the Johnson home and graduated from high school here.

Mrs. Marvel Hughes had as her guests this week her son and wife, Mr. and Mrs. Harry Hughes of California. Mr. and Mrs. Hughes are moving to Dallas to make their home.

**WEDDING ANNOUNCEMENT**

Mr. and Mrs. Monroe White wish to announce the approaching marriage of their daughter, Frances, to Harold Hill of Houston on October 18 at the home of Mrs. J. C. Cook.

Mr. and Mrs. Herman Michalka from Dallas spent last week with his Uncle and aunt, Mr. and Mrs. Adolf Jistel in Cameron.

Mr. and Mrs. F. Whites and son of Austin, and Mr. and Mrs. Wayland Hughes, of College Station, and their two children, were week end guests of Mrs. Annie Reese, and were joined by Mrs. H. C. Hughes, of Cameron, for Sunday.

Louis Zajicek is among the patients in the Newton Memorial Hospital.

Mrs. Walter Harris, Verna Harris and Mrs. Vernie Miller spent Sunday in the Salem community visiting Miss Katye Nisbett.

# ONLY PENALTY IMPOSED IS GAME FORFEITURE

The Yoemen were given the green light late Wednesday by the committee of District 31A when a decision was reached on the case originating when an ineligible man took part in the game against Burbank Friday night.

Superintendent W. T. Hanes told the Daily Herald early Thursday of the decision of the committee. Lee Peebles, superintendent of the schools in Killeen is chairman of the committee. He had already given the facts to a Temple newspaper.

Forfeiture of the game is the minimum penalty and this was sufficient said the committee. The other members are Claude Thompson and L. W. Sinclair.

When it became known to the authorities here that Cameron had played an ineligible man immediate steps were taken to comply with all regulations in such cases. The ineligible player had received $16 at a rodeo this summer for roping a calf. Under the Interscholastic League rules he was classed a professional and could not play football. The boy was dropped from the roster and he cannot take part in high school athletics hereafter.

The Yoemen can now proceed with every assurance their competing for the district championship will not be hampered, unless it is discovered that other boys are inligible but such a likelihood is ruled out since the coaching staff has made a thorough check.

## TRIBUTE TO THE BIBLE

The Bible is God's message to mankind.

In it is found sane light, comfort and joy. It is the sword to our warfare, and lamp to our feet.

It is the light to life's pathway, the source of true wisdom and the text book of ethics.

It teaches us how to multiply joys, substract sorrows, divide suffering, add to the sum of happiness and cancel selfishness.

Read it, believe it, love it, obey it and it will lead you into the "Garden of God" where the wealth of eternal ages will be your portion of eternal happiness always.

## Layfield Tells The Rotary Club About Visit to Holy Lands

Morgan Layfield, principal of the Yoe High School, told about his stay of several months in the near east during the war and his description of the Holy Lands was very interesting in a talk to the Cameron Rotary Club on Wednesday.

Mr. Layfield exhibited a Bible bound in olive wood that he purchased in Jerusalem and some interesting photographs from that ancient city and other places of interest.

Of especial interest was his narrative of Christmas eve spent at the little town of Nazreth 11 miles from Jerusalem.

Mr. Layfield, a good speaker, left nothing unsaid to entertain and inform the Rotarians and their guests.

# JUDGE C. S. SLATTON TELEPHONE ATTORNEY

Judge C. S. Slatton, former associate justice of the Texas Supreme Court, has been named General Attorney for Texas of the Southwestern Bell Telephone Company. Judge Slatton assumes his new duties October 1, succeeding the late Judge John H. Bickett, Jr. who died in May.

Judge Slatton's headquarters will be in Dallas, where he will head the Telephone Company's legal department in Texas.

A native of Eastland County, Judge Slatton served more than a year overseas in World War I, after which he attended the University of Texas law school and received his law degree from Cumberland University.

Judge Slatton began the practice of law in Jourdanton, and served two years as county attorney. He was elected district attorney of the 81st Judicial District. He was re-elected twice without opposition.

In 1937 he was appointed associate justice of the Fourth Court of Civil Appeals. He was re-elected without opposition. The Supreme Court appointed him Judge on the Commission of Appeals on January 1, 1940, in which capacity he served until becoming Associate Justice of the Supreme Court in 1945.

He is a member of the Methodist Church, Masonic Bodies, the American Legion, and the Red Cross.

Since moving to Austin, Judge Slatton has lived on his farm six miles from the Capitol, where he raises livestock. He is a member of the American Hereford Breeders' Association.

# LOSS OF LIFE IS SMALL DAMAGE TOLL NOT HEAVY

The Atlantic hurricane that swept in over Florida late Wednesday was not too bad. Small loss of life and not a great deal of property damage as compared to other storms, encouraged the people in its path and lessened the blood pressure of radio commentators.

News casters had given the hurricane a great build up but the storm seems to have been somewhat a disappointment.

The course of the storm was now northwest and if the present path is followed the winds will hit Jacksonville the capital of Florida. Warnings were posted along the Gulf off Mobile, Alabama and weather forecasters said that the Texas coast might feel the effects of the storm.

East Texas might get a breeze from the hurricane and some rain. Early Thursday weathermen said it is going to be hot in Texas for several days. There's a cold front in Utah but may not get down this far. Considerable hot air is being generated in Texas just now, and the front might be turned back. It was 101 degrees Wednesday at Childress and Wichita Falls. Other places had heat up to 98 and generally the temperature was in the nineties.

There was no rain in sight over the state. Terrific rains were accomponying the blow in Florida.

New patients in Newton Memorial Hospital are: Mrs. John Thweatt of Maysfield, surgery, Mrs. J. W. Clark of Cameron, and Billy Woods of Cameron, surgery.

# MRS. CORA M DUNN DIED HERE WEDNESDAY

Mrs. Cora M. Dunn, 85, died in St. Edwards Hospital Wednesday night, September 17 after a brief illness.

Mrs. Dunn's home was in Houston and at the time of her death was visiting in the home of her grand daughter, Mrs. Abner Ingram, Jr., where she suffered a heart attack.

Among her survivors are one son, James Dunn of Alice, Texas and three daughters, Mrs. Lee Blankenship of Belton, Mrs. Alice Wilson and Mrs. Mary Engla of Houston.

The Marek-Burns mortuary was preparing the body for return to Houston but funeral arrangements were not complete.

# TRAFFIC LIGHTS ARE FOR PEDESTRIANS TOO!

***Wait!*** **The few quick seconds it takes the light to go amber or green may be the difference between life—*and death!***

**Traffic lights aren't just for drivers, they're for pedestrians, too. They are your signals of safety. Drivers and traffic officers expect you to obey them. Yet in 1946, over 2,800 persons were killed *at* intersections. In addition, more than 4,000 jaywalked into the Hereafter *between* intersections. From all causes, 12,200 pedestrians—men, women and children—were given a ride to the morgue! They died at the rate of 33 every day.**

**Fantastic? Sure, but deadly true.**

**Of pedestrians killed who were old enough to drive, only 10% ever drove a car. That may be one reason why pedestrians have to be told, again and again, that traffic lights and all safety regulations are for them too. They have never experienced the responsibility of driving.**

**If you are a pedestrian, learn to cross with the lights, never run out from behind parked cars, or cross between intersections. Don't stand in the street or highway. Always be alert.**

This advertisement is presented in the public interest by the President's Highway Safety Conference and the daily and weekly newspapers of the nation, through their Press and Publisher Associations.

THIS IS TEXAS' MILLIONTH TELEPHONE! Making the first call is Mrs. Gunter W. Koetter, pretty war bride from Luxembourg. Looking on are Mr. Koetter, Houston architect and veteran of 4½ years of Army service, and 14-month-old Jay Koetter.

SOUTHWESTERN BELL INSTALLS

**Millionth TELEPHONE IN TEXAS**

SOUTHWESTERN BELL'S millionth telephone in Texas was installed late in August in the home of a Houston architect, his Luxembourg war bride, and their 14-month-old son.

Mr. and Mrs. Gunter W. Koetter had been waiting for a telephone for many months.

And, like many another Texas family, the Koetter's new telephone is on a four-party line until telephone factories and installation crews can catch up with Texas' post-war needs for telephone service.

When the millionth Texas telephone was installed, no one was happier than Mrs. Koetter. Said she: "I can hardly believe I'm going to have a telephone of my own. Back in my native Luxembourg, only the very rich can afford telephone service."

* * *

INSTALLATION of the millionth telephone is a historic milestone and a far cry from Texas' first telephone, installed in 1878, connecting Col. A. H. Belo's office at the Galveston News with his nearby home!

Less than 10 years ago—in 1938—Texas had only half a million telephones!

On V-J Day—just two years ago—Texas had 750,000 telephones!

Thus, Texas has added as many telephones in less than 10 years as were installed in the previous 60 years! And despite postwar shortages, we've gained more telephones in Texas in the *two* years since V-J Day than were added in the *10* years preceding the war!

Yet—despite this record, 137,000 Texas families and business concerns are now on the waiting list for telephones. Although we're installing service several times faster than ever before, it has been impossible to connect telephones as fast as Texans are applying for them.

WE'RE PROUD to be growing with Texas. And, we're hard at work on the biggest telephone expansion and improvement program in the history of the state. We shall continue to do everything within our power to bring telephone service, as early as possible, to everyone in Texas who wants it.

**From where I sit ... by Joe Marsh**

**We All Need Fun!**

Nobody in Our Town is exactly lazy (even though Pete Swanson's missus claims he sleeps till seven A.M.). But the hardest working man of all is Doc Hollister—on call, morning, noon and night.

Funny thing, Doc's favorite prescription to his patients is: You ought to have fun. The pace of modern living, even on the farm, demands some relaxation.

And as Doc says—fun is a personal thing. For the missus it may mean a movie or a good book; for Dad, a mellow and refreshing glass of beer; and for the kids, parcheesi or the radio. Doesn't mean everybody has to like the same thing—so long as they relax, have fun, together, in the home.

Doc doesn't have much time himself. After a hard day, he'll relax before the fire with a glass of beer—and wait for the phone to ring again. And from where I sit, Doc deserves each well-earned minute of that relaxation.

## Temple Hearing Set For November 1st

WASHINGTON—Rep. W. R. Poage said today that the House agriculture committee has postponed its hearing in Temple from Oct. 27 to Saturday, Nov. 1.

This is definite. The hearing will last one day only.

He also said that instead of part of the committee coming it will be a full or nearly complete meeting.

The group will come from Kansas.

# FUNERAL SERVICES FOR OSCAR PATTILLO HELD

Funeral services for Oscar Pattillo, 51, widely known resident here, were held at 3 p. m. Tuesday from the chapel of the Marek-Burns Funeral Home in Cameron.

Mr. Pattillo died at 12:15 Monday September 15 in Newton Memorial Hospital where he had been a patient at frequent intervals. He had been suffering for some time with a heart ailment and while his condition was known to the family and close friends, his death came with shock and universal grief to the entire city.

The body was taken to the family residence at 3502 North Davis Avenue Monday and remained there until the funeral hour Tuesday afternoon when it was taken to the chapel of the funeral home.

Rev. Frank M. Newton, pastor of the Buckholts Baptist Church, conducted the services, paying a splendid tribute to the deceased. Mr. Pattillo was a member of the Buckholts Baptist Church and had been identified with the congregation there for years.

Mr. Pattillo was born in the Sharpe Community on November 9, 1895, the son of pioneer parents. He grew to manhood in that community and in later years became a resident of Cameron.

He was married to Miss Mabel Scarbrough of Ad Hall on November 4, 1916. They were married in the home of the late Rev. B. B. Blaylock, pastor of the First Baptist Church in Cameron, the ceremony taking place in the parsonage. Mrs. Pattillo survives her husband and they are the parents of two daughters, Edith Pattillo and Bonnell Hawkes, the former Miss Bonnell Pattillo Two grand children survive and they are Billy Lee and Judith Ann Hawkes and all reside in Cameron.

Other survivors are two brothers, Leonard Pattillo of Lufkin, and Henry Pattillo of Cameron; two sisters, Mrs. Henry Garlichs of Buckholts and Mrs. Conrad Collier of San Antonio.

Mr. Pattillo for a number of years prior to his death had been actively engaged in business and was at one time owner of a grocery store in Cameron.

Interment was made in Oak Hill Cemetery where many friends of the family and deceased gathered to pay tribute to the memory of one who had so lived that he merited the highest esteem of all.

Pall bearers were: William A. Sell, Aubrey Price, Joe Matula, F. E. Jackson, Jack Logan and E. J. Burkes.

Mr. and Mrs. G. C. McCollum and daughter, Lerlene, of La Porte were here over the week end to visit in the home of her parents, Mr. and Mrs. Judd Davis. Miss Mae Marshall accompanied them to Cameron and visited with Mrs. Winnie Witliff. Mr. McCollum enjoyed a bird hunt while here. Mrs. McCollum is the former Miss Gladys Davis.

Marjory Denson was accompanied to Baylor University in Waco Tuesday by her parents, Mr. and Mrs. Joe Denson.

## The Edwin Hamilton's Saluted By Radio As "The Good Neighbors"

Mr. and Mrs. Edwin R. Hamilton of Vinton, Iowa, were recently saluted nationally over the radio on Tom Brenemans "Breakfast in Hollywood," program as the "Good Neighbors of the Day."

Mr. and Mrs. Hamilton are instructors at the Iowa School for the Blind. The suggested salute came from John Campbell, a blind man, living near Oelwein, Iowa. The salute came on Septembes 5 in a broadcast and many locally heard the tribute paid to Mr. and Mrs. Hamilton.

Mrs. Hamilton is the former Miss Ludie Law, daughter of Sam W. Law, pioneer resident here. Mrs. Hamilton graduated at the Cameron high school and continued her studies in college. She has been in Vinton for a number of years and with her husband, Edwin Hamilton, has been an instructor at the school for a long time.

The decision to salute Mr. and Mrs. Hamilton on September 5 resulted when Mr. Campbell wrote the program director telling him about Mr. and Mrs. Hamilton's years of self-sacrificing work among the adult blind.

Mr. and Mrs. Hamilton will be eligible to win a $1000 savings bond awarded annually to the person voted the Good Neighbor of the Year, reports the Vinton, Iowa, News.

O. D. Graham of Thorndale transacted business in Cameron recently.

Provide Better Lighting for Home Study

Proper lighting enables your child to do homework more easily, more thoroughly . . . and without eyestrain or fatigue. So, let TP&L low-cost electricity give your family the benefit of good light . . . fill every lamp and light fixture with correct, eye-saving size bulbs. Good lighting for easy reading requires 150-watt lamp bulbs for study lamps and 300-watt lamp bulbs for floor lamps.

The additional cost of proper light over poor light is negligible. For instance, the added cost of using a 150-watt bulb instead of a 60-watt bulb for THREE HOURS is less than one penny. The purchase cost of the 150-watt bulb is only 10c more . . . and the average standard lamp bulb will burn approximately 1,000 hours.

Eyesight is priceless . . . good light is cheap!

## Featured With Bailey Bros. Circus

Combining, all the festive fairyland that is sweet and appealing in the land of sawdust and spangles, the famous Bailey Bros. Wild Animal Circus, Society Horse Show and Wild West Combined, will offer one of the most diversified of big top performances when the huge tents are hoisted in Cameron, Thursday, October 2nd.

Parents will dutifully escort youngsters to the big top, and once there, will probably stomp longer and applaude louder than Junior.

There will be two performances of the "Big Show" here. The afternoon performance is scheduled for 2:00 p. m. and the night show at 8:00 p. m. Doors open at 1:00 and 7:00 p. m.

## "Gunfighters" Star Randolph Scott; Opens Sunday at Cameron

One of the outstanding western epics of the current season, Columbia Pictures' "Gunfighters" will start its two day engagement at the Cameron Theatre Sunday, September 28.

The film was adapted from "Twin Sombreros," Zane Gray's great adventure novel, and stars Randolph Scott and Barbara Britton, with an exciting new screen discovery, Dorothy Hart, heading the supporting cast.

Featured players are Bruce Cabot, Charley Grapewin, Steven Geral, Forrest Tucker, Charles Kemper and Grant Withers.

Filmed in Cinecolor near the magnificent scenic region of Arizona's famed Painted Desert, "Gunghighters" tells the absorbing thrill-packed story of Western outlawry—the kill or be killed law of the range.

Randolph Scott as Brazos Kane, famed gunfighter, tries to leave his past behind him and start a new life in a different part of the country. Upon his arrival, however, he is falsely accused of murder, narrowly escapes a hanging and finally, roused to fury by the ruthlessness of a powerful ranch owner in a struggle to wipe out all the small cattle punchers, Brazos dons his guns once more.

Barbara Britton and Dorothy Hart play Bess and Jane Banner, daughters of the cattle baron. Bess, the lawless beauty trading her kiss for a man's life; Jane, the straight-thinking pioneer girl who sides with justice and Scott against her father.

According to advance reports, one of the reasons for the all-out praise which has been heaped on "Gunfighters" is the fact that even the supporting players have been given meaty assignments. Characterizations are fully drawn by each member of the large cast, and the result is a grimly realistic story of the days when men lived, loved and died by the rule of the gun.

The screenplay for "Gunfighters" was written by Alan LeMay. One of Hollywood's top writers ("Reap the Wild Wind," "San Antonio" and "Chyenne") LeMay knows the value of terse, unch-packed dialogue for this type of picture. George Waggner was the director; Harry Joe Brown produced. It is a Producers-Actors Production.

I've found out that Dr. Salsbury's ROTA-CAPS really do give extra value. The Rotomine they contain removes both the large roundworms and cecal worms in chickens—without the effect of harsh treatments. Heavy infestations can be costly in a laying flock so give your birds the benefit of a good individual treatment.

## CHRISTIAN SCIENCE SERVICES

"Reality" is the subject of the Lesson-Sermon which will be read in all Churches of Christ, Scientist, on Sunday, September 28.

The Golden Text is: "As for God, his way is perfect: the word of the Lord is tried: he is a buckler to all those that trust in him" (Psalms 18.30).

Among the citations which comprise the Lesson-Sermon is the following from the Bible: "All things were made by him; and without him was not anything made that was made" (John 1:3).

The Lesson-Sermon also includes the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "All reality is in God and His creation, harmonious and eternal. That which He creates is good, and He makes all that is made" (page 472).

Post greeting from Mrs. J. M. Gill, 130 Mulberry St. Abilene, tells of meeting old time friends there. Mrs. Gill and her late husband, Dr. Gill, made their home in Cameron for a number of years, and have many friends here. For several years she was employed in government work in Austin, before moving back to Abilene.

## Legume Seed Approvals Being Issued By ACA; Government To Help

The Milam County ACA Office has begun issuing prior approvals and purchase orders for winter legume seed under the 1948 program, according to Alva E. Sanders, Secretary of the Milam County ACA.

Purchase orders can be issued for vetch and winter peas. The fair price for vetch is $22.00 per hundred and the payment rate is $10.00 per hundred. This leaves a difference of $12.00 to be paid by the farmer to the dealer at the time purchase orders are filled. The fair price for Austrian Winter Peas is $7.75 per hundred, and the payment rate is $3.50 a hundred. This leaves a difference of $4.25 per hundred to be paid by the farmer.

Producers should take advantage of the assistance offered by AAA because it has been proved beyond any doubt that these legumes do enrich the soil to such an extent that the production has been increased in lots of cases as much as 40%.
